

## Pancreas research symposium May 23<sup>rd</sup> 2022

### 9-9.15 Arrivals and welcome – PCUK

#### 9.15 -11.00 Trial proposals Chair *Prof Steve White and Prof Paula Ghaneh*

Drainage vs total pancreatectomy+islet cell transplantation for CP *Prof Steve White, Newcastle*  
DISPATCH trial of stump management at distal pancreatectomy *Sanjay Pandanaboyana, Newcastle*  
Endobiliary RFA in unresectable malignant biliary obstruction *John Leeds, Newcastle*  
EUS biliary drainage of malignant biliary obstruction *Andrew Smith, Leeds*  
Improving margin clearance at surgery: a feasibility RCT *Nikolaos Chatzizacharias, Birmingham*  
LAP-PIE IRE in pancreatic cancer *Prof Brian Davidson, London*  
UK perioperative nutrition vs level 1 evidence – space for a UK trial? *J Halle-Smith, Birmingham*  
**Discussion and feedback**

### 11.00-11.30 Break

#### 11.30-12.30 Trial results and methodology Chair *Prof Hanna and Prof Molenaar*

PORSCH trial: standardising perioperative care to reduce morbidity *Jasmijn Smits, Netherlands*  
RadarPANC trial of surveillance after resection of pancreatic cancer *Lois Daamen, Netherlands*  
PANASTA– Cattell Warren vs Blumgart for pancreatic reconstruction *Prof Chris Halloran, Liverpool*  
Efficient trial design in surgical trials *Prof Thomas Pinkney*  
**Panel discussion: shaping the future of clinical trials in pancreas surgery**

### 12.45-13.30 Lunch

#### 13.30-14.30 Registry based research Chair *Prof Pinkney and Prof Davidson*

PANCREAS group early results *Prof Kito Fusai, London*  
CONTACT – effect of COVID upon pancreatic cancer treatment *Lewis Hall, Birmingham*  
PARANOIA – novel platform for the study of POPF *Keith Roberts, Birmingham*  
RICOCHET pathway *TBC*

### 14.30-15.00 Break

#### 15.00-16.30 Neoadjuvant therapy and improving the framework for research across the UK Chair *Prof Fusai, S Pandanaboyana and A Smith*

Neoadjuvant therapy trials – where next? *Prof Paula Ghaneh, Liverpool*  
Does the ISGPS definition of POPF need revising? Results from Verona and Birmingham *Rob Sutcliffe*  
COALESCE *Keith Roberts, Birmingham*  
Synoptic radiology reporting *John Moir Newcastle*

### 16.30 Closing remarks and thank you

16.45-18.00 **MEET THE EXPERTS TRAINEE SESSION** Bring your research proposal/how to get started: *discuss your research ideas or get advice on how to get started in research*

17.00-19.00 Light refreshments at the RCS

Research event made possible with thanks to
