

PROGRAMME 21 NOVEMBER: 45TH ANNUAL MEETING OF THE PSGB&I

The main meeting takes place in the Concert Room on both days. Registration, trade exhibition and refreshments will take place in the Crypt Hall. Abstract presentations are in the Pontifical Hall.

08:30-09:15 Registration and Coffee

09:15-09:30 Welcome and Introduction
Bill Greenhalf, Liverpool

EARLY DIAGNOSIS AND DETECTION - Chair: Richard Charnley

09:30-09:45 UK-EDI: Detection of pancreatic cancer in new-onset diabetes mellitus
Eithne Costello, Liverpool

09:45-10:00 ADEPTS: Accelerated diagnosis of neuroendocrine and pancreatic cancer
Steve Pereira, London

10:00-10:15 IMMPACT: Recent data on identifying PDAC using the IMMray™ platform
Rolf Ehrnström, Lund

10:15-10:30 Towards early detection of pancreatic cancer in urine
Tatjana Crnogorac-Jurcevic, London

10:30-11:00 Morning Coffee

PANEL DISCUSSION - Chair: Bill Greenhalf

11:00-11:30 Who should we be screening and how?
Eithne Costello, Steve Pereira, Rolf Ehrnström, Tatjana Crnogorac-Jurcevic

NATIONAL PEI GUIDELINES – AN INTRODUCTION AND CONSENSUS VOTING - Chair: Mary Phillips

11:30-12:45 National PEI guidelines – An introduction and consensus voting
Mary Phillips, Andy Hopper, Keith Roberts, John Leeds, Rajesh Kumar, Sinead Duggan and Laura McGeeney

ORAL PRESENTATIONS OF SELECTED ABSTRACTS – Chair: Ryan Baron

11:30-11:45 Survival advantage of upfront surgery for pancreatic head cancer without preoperative biliary drainage
Rupaly Pande, Birmingham

11:45-12:00 Prognostic significance of early weight loss during chemotherapy in patients with inoperable pancreatic cancer
Lindsay Carnie, Manchester

12:00-12:15 An inverse association between a moderate alcohol intake and the development of PDAC – data from a cohort study with implications for prevention
Thomas Payne, Norwich

PROGRAMME 21 NOVEMBER: 45TH ANNUAL MEETING OF THE PSGB&I

12:15-12:30 Serum markers predict response to neoadjuvant chemotherapy in borderline and locally advanced pancreatic cancer
John Moir, Newcastle

12:30-12:45 Differentiating pancreatic ductal adenocarcinoma (PDAC) from individuals with symptoms suggestive of PDAC, including type II diabetes, with ROC AUC values above 0.95
Rob Pickles, Lund

12:45-14:00 Lunch, Poster Viewing and Trade Exhibition

BIOMARKERS AND TRIAL DESIGN EXAMPLES - Chairs: Paula Ghaneh & Nigel Jamieson

14:00-14:15 Update on the ESPAC Trials
Markus Büchler, Heidelberg

14:15-14:30 Biomarkers for selection of adjuvant chemotherapy
Bill Greenhalf, Liverpool

14:30-14:45 Precision-Panc: Progress and update
David Chang, Glasgow

14:45-15:00 PRIMUS trials: Progress and update
Nigel Jamieson, Glasgow

15:00-15:30 Afternoon Coffee

BIOMARKERS AND TRIAL DESIGN OVERVIEW - Chairs: Paula Ghaneh & Kevin Conlon

15:30-15:45 Designing trials for pancreatic cancer - past work and future direction
Richard Jackson, Liverpool

15:45-16:00 Pathology standardisation in clinical trials
Fiona Campbell, Liverpool

16:00-16:15 Biobanking and the importance of good quality samples
Hemant Kocher, London

16:15-16:30 Tissue acquisition in HPB endoscopy
Matthew Huggett, Leeds

16:30-17:00 Panel: How should we use predictive biomarkers to improve power without losing recruitment?
David Chang, Nigel Jamieson, Bill Greenhalf, Richard Jackson, Fiona Campbell, Matthew Huggett

19:00-19:30 Drinks Reception, Crypt Hall

19:30-00:00 PSGBI Gala Dinner, Concert Room

PROGRAMME 21 NOVEMBER: NATIONAL HPB NURSE GROUP MEETING

This meeting takes place in the Pontifical Chapel on Thursday. Registration, trade exhibition and refreshments will take place in the Crypt Hall and the breakout session at 11:30 is in the Concert Room.

09:00-09:30 Registration and Coffee

09:30 – 09:50 Welcome & NHpbNG update

Lynne McCallum, NHpbNG

09:50-10:10 Adjuvant therapy; current practice

Phil Whelan, Pancreas CNS, RLBUHT

10:10-10:30 Offering psychological support in HPB

Steph Gooder, HPB CNS, Stepping Hill Hospital, Stockport

10:30 – 11:00 Morning Coffee

11:00-11:25 Personal Experiences of Pancreatic Cancer

Ruth May, Chief Nursing Officer, NHS England and Improvement

BREAK OUT SESSION: NATIONAL PEI GUIDELINES – AN INTRODUCTION AND CONSENSUS

VOTING - Chair: Mary Phillips

11:30-12:45 National PEI guidelines – An introduction and consensus voting

12:45 – 14:00 Lunch

14:00-14:20 Patient's journey through HPB intervention

Ana Carmona Carrasco, Endoscopy Sister, St James University Hospital, Leeds

14:20-15:10 Evidence-based strategies for resilience in nurses

Jennifer Jackson, Registered Nurse, doctoral researcher, King's College London

15:10-15:30 Seth's Legacy: Lived experience of caring for someone with pancreatic cancer

Lesley Goodburn

15:30-16:15 Proactive Care for Older Patients with Pancreatic Cancer

Dr Mark Johnston, Consultant Geriatrician, RLBUHT

16:15 – 16:30 Finish

PROGRAMME 22 NOVEMBER: 45TH ANNUAL MEETING OF THE PSGB&I

08:30-09:30 Registration and Coffee

BENIGN DISEASE - Chair: Chris Halloran

09:30-09:50 The new ISGPS reporting standards for surgery in chronic pancreatitis
Ajith Siriwardena, Manchester

09:50-10:10 Total pancreatectomy and islet transplant in chronic pancreatitis
Ashley Dennison, Leicester

10:10-10:30 Diagnosis and treatment of hypertriglycaemia in patients with acute pancreatitis
Giuseppe Garcea, Leicester

10:30-10:50 Chronic pancreatitis: it is not just alcohol
Kevin Conlon, Dublin

11:00-11:30 Morning Coffee

ORAL PRESENTATIONS OF SELECTED ABSTRACTS - Chair: Ajith Siriwardena

11:30-11:45 Do patients with both chronic pancreatitis and diabetes have more complications than those without diabetes?
Qurat ul ain, Dublin

11:45-12:00 Sarcopenia: An assessment into the prevalence and disease burden in patients referred to the multidisciplinary chronic pancreatitis clinic
Taiwo Oyebola, Leicester

12:00-12:15 Dietary iron and niacin are inversely associated with the development of symptomatic gallstones in women, but not men: a UK prospective cohort study using 7-day food diaries
Hong Kai Lim, Cambridge

12:15-12:30 A network meta-analysis of techniques of surgical management of chronic pancreatitis: Impact on pain and quality of life
Bathiya Ratnayake, Auckland

12:30-12:45 Sarcopenia assessed by using novel digital software is prevalent in pancreatic exocrine insufficiency: A prospective study
Mustafa Jalal, Sheffield

12:45-14:00 Lunch, Poster Viewing and Trade Exhibition

PROGRAMME 22 NOVEMBER: 45TH ANNUAL MEETING OF THE PSGB&I

13:30-14:00 Annual General Meeting

TRIAL UPDATES - Chairs: Paula Ghaneh & Mairéad McNamara

14:00-14:30 Details to be confirmed

14:30-14:45 NICE Guidelines, Quality Standards and Research Recommendations for pancreatic cancer

Derek O'Reilly, Manchester

14:45-15:15 Updates on the therapeutic landscape in pancreatic ductal adenocarcinoma

Mairéad McNamara, Manchester

15:15-15:30 BAC-PAC: Best analgesia control in pancreatic adenocarcinoma

Andrew Hart, Norwich

15:30-15:45 RAPID-I: Infliximab in acute pancreatitis

Robert Sutton, Liverpool

15:45-16:15 Afternoon Coffee

IMPROVING TRAINING AND INCREASING AWARENESS OF PANCREATIC DISEASES - Chairs:

Andrea Sheel & Kulbir Mann

16:15-17:30 Invited Speakers

17:30-17:45 Panel Discussion

PROGRAMME 22 NOVEMBER: 12TH ANNUAL NUTRITION SYMPOSIUM

This meeting takes place in the Pontifical Chapel on Friday. Registration, trade exhibition and refreshments will take place in the Crypt Hall.

09:00-09:10 Welcome by PSGBI President
Bill Greenhalf, Liverpool

SESSION 1: PATIENT OPTIMISATION IN PANCREATIC CANCER AND PANCREATIC SURGERY

09:10-09:50 Implementing Enhanced Recovery in Pancreatic Surgery
Mr Michael Raraty, Consultant HPB Surgeon, Royal Liverpool University Hospital

09:50-10:30 Prehabilitation Prior to Cancer Surgery - the Aintree Experience
Ms Clare Knowles, Physiotherapist and Prehab Service Lead and
Ms Judith Ashcroft, Dietitian, Aintree NHS Trust

10:30-10:50 Nutritional Interventions in Pancreatic Cancer : FEED Study Results
Ms Oonagh Griffin, HRB Research Fellow/Pancreatic Dietitian, Trinity College Dublin/St
Vincent's University Hospital

11:00-11:30 Morning Coffee

SESSION 2: NUTRITION SUPPORT IN PANCREATIC DISEASE

11:30-11:50 Nutritional Requirements in Pancreatitis
Ms Mary Phillips, Specialist Pancreatic Dietitian, Royal Surrey County Hospital

11:50-12:45 Complex Nutritional Support in Pancreatic Disease
Invited case study submissions from NIGPS members, 3-4 with 10 minutes per
presentation (invited topics to include bile recycling, chyle leaks, severe acute
pancreatitis, DGE, POPF)

12:45-14:00 Lunch, Poster Viewing and Trade Exhibition

SESSION 3: ADVANCING DIETETIC PRACTICE

14:00-14:30 Getting Started in Research
Dr Sinead Duggan, Assistant Professor/Senior Research Fellow, Trinity College Dublin

14:30-15:30 Dietitians Business Meeting
Ms Oonagh Griffin, Dublin
